NUMISMATIST
MEHL BUILDING FORT WORTH, TEXAS

Center of the Texas Frontier Centennial, *July 1st to December 1st*

I would rather "waste" a hundred catalogs

of this rather costly catalog,
than slight a single collector

For that reason, I am sending out more than Five Thousand copies (5,000) of this fine catalog (offering 2,274 lots of every kind and finest kind of Coins, Medals and Notes)—the largest number of Sale catalogs distributed by any other Numismatic Firm anywhere in the world.

A goodly number of these catalogs go to new collectors. If you are one of the "new ones" or an "old collector" receiving my catalog for the first time, it is sent you to show you the QUALITY of the Sales I hold and the fine and interesting catalogs I issue, and of course to invite your business.

I'll gladly send you ALL of my catalogs I issue, *provided you want them.*

And the only way I can know whether or not you want to receive these fine catalogs is *by your telling me so.*

A good way to "tell me" is by sending some bids or an order for the Price List of THIS important sale.

And *right now* is a good time to do it. And I assure you that you'll be glad that you did.

MEHL BUILDING FORT WORTH, TEXAS

BY SENDING YOUR BIDS EARLY you will greatly help me in giving you—and you will help yourself in receiving—the kind of excellent and pleasant service I am always anxious that you receive from me.

Better Read These Terms of this Sale and Avoid Misunderstanding and Disappointment

as your bids will be accepted ONLY on the terms as specified below, and no exceptions can or will be made for any one.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

A charge of 5% will be made on all purchases, for packing, etc. Of course, no charge is made for bidding. The charge of 5% will be made only on lots actually purchased for you.

Lots are sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer $1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalog. This guarantee holds good indefinitely. And my guarantee means something to you. Remember that there are thirty-six years of proven successful numismatic experience and *ample* financial responsibility back of this guarantee.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me or those who have had no previous credit established, must send a deposit of at least 25% of their bids, **otherwise they will not be accepted,** as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing values of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, June 23, 1936.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

44 **1861 Dahlonega Mint.** Strictly very fine. A light hair-line scratch on obverse, hardly noticeable. Excessively rare. At one time this coin sold for $350.00. But since then, of course, has sold for much less. But it is worth well into the three-figure mark.

46 **1863** Very fine; sharp; only a shade from uncirculated. Very rare, far more so than is generally recognized. Record up to $50.00.
47 **1864** Nearly uncirculated, with mint luster. Another quite rare gold dollar.
48 **1865** Very fine, but has been cleaned and now has a proof-like surface. Was originally purchased as a proof. Light nicks on edge, but hardly noticeable. One of the rarest dates of the series.

U. S. COMMEMORATIVE GOLD DOLLARS.

75 1903 Jefferson. Semi-proof.
76 1903 Portrait of McKinley. Uncirculated. Very scarce.
77 1903 As last, Jefferson and McKinley. Both in mint state. Retails at over $5.00 each. 2 pcs.
78 1904 Lewis & Clark. Brilliant semi-proof. Record up to $12.00 and they are not getting any more plentiful.
79 1905 Lewis & Clark. Uncirculated. Just as rare as the 1904.
80 1915 Panama-Pacific. Head of Labor. The least attractive of all our commemorative gold dollars, but scarce, and retails to over $5.00.
81 1915 Panama-Pacific. Just as last. Uncirculated. 2 pcs.
82 1916 McKinley Memorial, Niles, Ohio. Uncirculated; full mint luster. Only 20,000 coined, half of which was sold by the committee in charge and the other half was purchased by me. They were originally issued at $3.00 each. When I secured the remainder of 10,000 I sold them at $2.50 to $2.75 each, depending on the quantity purchased. The 10,000 coins I secured were so widely distributed that today these same coins retail at over $5.00 each.
83 1917 McKinley Memorial just as last, but of course, different date. Uncirculated.
84 1916, 1917, McKinley Memorial. Uncirculated. Set of 2 pcs.
85 1922 Grant. Variety with star. Uncirculated. (In order to avoid misunderstanding, especially among new collectors, I wish to state here that the star mentioned is simply a small star above the name "Grant." It was placed there simply to "get" the collector twice.)
86 1922 Grant gold dollar. As last, but without star. Supposed to be more rare than the other variety.
87 Duplicate Commemorative gold dollars. 1903 Jefferson and McKinley, 1905 Lewis & Clark; 1915, Panama-Pacific; 1916, 1917, McKinley; 1922, Grant, with star. All uncirculated. 7 pcs.
88 Slightly damaged commemorative gold dollars. 1903 McKinley; 1905 Lewis & Clark (3); 1916 McKinley. Slight solder mark, etc. Not a bad lot. 5 pcs.
89 **Special.** 1909 Hudson-Fulton Gold Dollar Token. Fine portrait of Fulton. Reverse, his ship, the Clermont. Uncirculated. Rare and in great demand. Record over $12.00.

90 1909 Gold Dollar Token as last but with portrait of Hudson and view of his ship. Uncirculated. Rare. It is a pity that our regular issues of commemorative gold dollars could not have been designed by real medallic artists as were these two coins. These were designed by the late Frank C. Higgins, who was not a medallic artist, but was an artist and knew coins.

91 1927 Lincoln gold dollar or token. Bust of Lincoln. Reverse, "A TOKEN," two crossed axes below. Uncirculated. Scarce.

92 Slightly damaged U. S. Gold Dollars. Some with solder mark on edge; loops, but none holed; small and large types. Some can almost be mustered as perfect specimens. In order to save time, will mention here that bids of less than $1.65 each will not be considered. Lot of 25 pcs.

93 Another lot as last, but contains a very few specimens with holes at top. The same limit applies to this lot. 32 pcs.

California Gold Dollars. All Octagonal.

94 1853 Value and date in small circle of dots, 10 stars. Uncirculated. These coins retail up to $5.00 and $6.00 each. I mention this in benefit of the new and young collectors so as to avoid some of the ridiculous bids some of them make.

95 1853 Perfect Liberty head, 13 stars. Value and date in large dotted circle, N below. About uncirculated.

96 1854 Small head; 10 stars; value and date in small circle. Fine. Scarce.

98 1858 Small head within circle of thirteen stars. Value and date in wreath. Uncirculated.

100 1863 Large head; 13 small stars. Value and date in dotted circle. Semi-proof.

101 1868 Large head; 13 small stars, G. Reverse, the word GOLD and value and date in wreath. Semi-proof. Rare. (Cost $10.00.)

102 1869 Same type as last. Almost a brilliant proof. Rare, especially so choice.

103 1870 Large artistic head, G below; 13 stars. Reverse, value and date in wreath. About uncirculated. Scarce type.

104 1871 Type similar to last but different head. Beautiful proof. Rare. (Cost $10.00.)

105 1872 Indian head; 13 stars; date below head. Reverse, value in wreath. Semi-proof.

106 1873 Same type as last. Very fine.

107 1874 Small Liberty head; date below; 13 stars near border. Reverse, 1 DOLLAR in wreath. Uncirculated. Rare variety.

108 1874 Indian head. Semi-proof.

109 1875 Indian head. Same type as last. Semi-proof.

110 1876 Type as last. Fine.

Rare California Gold Half-Dollars.

111 1853 Gold-Half Dollar. Figure seated, emblem of California, date below surrounded by circle of 13 small stars. Reverse, eagle with shield and ribbon as on the $50.00 gold pieces; around, CALIFORNIA GOLD HALF DOLLAR. Round, milled edge. Semi-proof. Very rare. Retails up to $20.00.

112 1853 California Gold Half-Dollar. Liberty head, date below, F. D. at right; 13 stars. Reverse, eagle on arrow, rays in back; semi-circle above; CALIFORNIA GOLD; below, 50 CENTS. Octagonal; milled edge. Uncirculated, with mint luster. Very rare. Record up to $15.00.

113 California Gold Dollars. Lot all of which have been holed at top; Liberty and Indian heads; all octagonal. Very good to extremely fine. 7 pcs.

Carolina Gold Dollars.

114 $1.00, A. Bechtler; 27 G. 21 C. Raised border. Very fine, not bent as usually found. Very scarce.

115 $1.00, 28 G. N in ONE reversed. Strictly fine. Rare variety.

116 $1.00, N. Carolina. C. Bechtler. 30 G. Very good to fine. Rarest variety of the Bechtler gold dollars. Record for a perfect specimen up to $30.00.

117 Alaska. 1909, 1 Dwt. Miner and pick. Reverse, shield. Souvenir issue the size of gold dollar and struck of good gold.

118 Alaska, 1862. So-called 2 Too-Wah. Eskimo. (I doubt very much if this coin was struck in 1862. It is a souvenir issue only, trifle larger than gold dollar. But interesting and "admitted" in collections.

UNITED STATES SILVER THREE-CENT PIECES.

119 1851 New Orleans Mint. Only branch mint at which silver 3c pieces were coined. Uncirculated. Very scarce so choice.

U. S. FIVE-CENT SILVER or HALF-DIMES.

134 1792 Martha Washington Half-Disme. The first coin struck at the mint from silver furnished by George Washington. Good, but badly dented. As perfect specimens have sold at up to $100.00, this coin may be a good space-filler to some one who doesn't care to spend more than $10.00 or $12.00 for a coin.

135 1794 First year of regular issue. Very good. Rare.

136 1795 Perfect die. Very fine; sharp.

137 1795 Die break on obverse. Nearly uncirculated, with some mint luster. Rare and valuable so choice.

144 1801 Good date, otherwise just fair. Rare date.

145 1803 Very fine; sharp. Rare date in unusually rare condition. Said to have cost $20.00.

146 1805 Second rarest date of the Half-Dime. Strictly fine; can be classed as very fine for coin; far above the average in condition. Seldom found so choice. Very rare.

147 Duplicate Early Half-Dimes, 1794 to 1803. Some holed; some plugged and others just fair. All rare dates. 13 pcs.

152 1847, 1848, small date; 1849 to 1860 inclusive, including with and without arrows of 1853. The 1860 is, of course, with legend and not with stars. The 1853, no arrows, is very good; all others are about uncirculated. Nice scarce set. Some retail at $1.00 to $1.50 each. 15 pcs.

153 **1849 over 1845.** Very plain over-date. Uncirculated. Rare variety in very rare condition.

705 1892 Brilliant proof. Very scarce.
706 1892 Columbian Exposition issue. If any proofs of this coin were struck, then this is certainly one of them. It is just as brilliant and perfect as a perfect brilliant proof. To the best of my knowledge, no proofs were struck of this issue, but this specimen was apparently one of the first struck. It is as beautiful a specimen of this coin as I have ever seen. The former owner valued it at $10.00.

One of Rarest Branch Mint Half-Dollars.

717 1878 **San Francisco Mint** Half Dollar. Strictly very good. Free from any dents or nicks; evidence of circulation evenly distributed. One of our rarest Half-Dollars. I believe that there are fewer specimens known to exist of this coin than there are of the 1796. Record over $50.00.

Confederate Half-Dollar, Half-Dime and Cent.

718 1861 Confederate Re-strike Half-Dollar, struck from the original dies of a U. S. Half-Dollar of 1861. Only four originals known. About 300 of the re-strikes struck. This is one of the finest, as the Confederate side is almost uncirculated. Rare and in demand with record of $30.00 or more.

719 1861 Impression of the Confederate die or Half-Dollar in aluminum. Same as the silver but reverse with the following inscription: "4 originals struck by order of C. S. A. in New Orleans 1861. Rev. same as U. S. (from original dies. Scott)" Brilliant proof. Very scarce. Retails up to $5.00.

764 1934 Daniel Boone Bi-Centennial. Uncirculated and very scarce, due to skillful commercial manipulation in its issue.
765 1934 Texas Centennial issue. When I went to school here in Texas, I was taught, and am still under the impression that Texas gained its independence in 1836. But, of course, my school days have been so long since, I might be mistaken. At any rate, the coin was issued and dated 1934 and "here she am." Bright uncirculated.
766 1935 Kentucky or Daniel Boone. Bright uncirculated. A coin destined to become one of our rare commemoratives for the reason as stated in lot 764.
767 1935 Arkansas Centennial. In my opinion, about the least attractive of all of our commemorative Halves, but as only 13,000 were coined and some discretion used in its sale, it will undoubtedly become a rarity. Bright uncirculated.
768 1935 San Diego Exposition issue. A real beautiful and attractive coin. Bright uncirculated.

Attractive Commemorative Set.

769 1915 Panama-Pacific set of gold $2.50, gold dollar and silver half-dollar in original plush and leather case, as issued at the Panama-Pacific Exposition in 1915. Please make your bid on this lot for the set and not by the piece.

A NICE CONSIGNMENT FROM CHICAGO

LARGE UNITED STATES CENTS—A Really Choice Collection

920 1793 The rarest variety, Liberty cap. Perfect die. Crosby 12-L. Two or three tiny nicks on edge. Strictly fine, with even dark olive surface and well centered and struck; two-minute nicks on upper reverse. These infinitesimal defects do not detract the slightest from the cent but they are only mentioned here in order to give accurate description. One of our rarest cents, and certainly fine enough to be worthy of a home in any collection. Rare and valuable.

921 1794 Hays No. 17. Very fine; shows but slight evidence of circulation, but the surface is slightly roughed; light brown surface.

922 1795 Thin planchet; plain edge. Doughty No. 66. Planchet slightly imperfect by a small circular piece out of edge. Uncirculated, with proof surface; only highest portion of head shows cabinet friction. A magnificent cent and as such rare and valuable.

CAROLINA AND GEORGIA GOLD COINS

The Excessively Rare Rutherford County $5.00 Gold Piece

1031 **$5.00.** C. BECHTLER ASSAYER, within inner circle, in small letters, RUTHERFORD COUNTY. Reverse, in center, 5 DOLLARS. 20 CARATS, and below, in small figures, 150 G. Outer lettering, NORTH CAROLINA GOLD. Very fine, but unfortunately holed on edge between H and C. This is the second rarest Carolina coin. And way back in 1908, twenty-eight years ago, a very fine specimen of this rarity brought $785.00. A second specimen, a year later, in 1909, sold in one of my sales, for $675.00. Of course, this coin, being with a small hole, is not worth anywhere near its record price, but it certainly is worth well into the three-figure mark. I doubt if more than a half-dozen specimens are known.

1032 **$5.00.** C. Bechtler at Rutherf. The interesting variety with date, AUGUST 1, 1834. Strictly fine.

1033 **$5.00.** C. Bechtler. Variety with 134 G. 21 Carats. Very fine; sharp. Record up to $50.00 but not bringing that price today. It retails for about $35.00 or $40.00. But some day, in the not distant future, the present prices of these rare and highly interesting coins will seem ridiculously low.

1034 **$5.00.** A. Bechtler at Rutherford, 134 G. 21 Carats. Fine to very fine; light scratch above 134. Rare variety.

1035 **$5.00.** A. Bechtler, RUTHERFORD. The extremely rare variety with 128 G. 22 Carats. Fine, but slightly dented. Record over $200.00.

1036 **$5.00.** Georgia Gold. C. Bechtler at RUTHERF. 128 G. 22 Carats. Fine, sharp. Very rare. Record over $100.00.

A Heretofore Unpublished Variety of Bechtler Half-Eagle

1037 1834 **$5.00.** United States issue of the second variety, without motto. On the Liberty head is incused the figure 22 and in the field to right of head is incused C. BECHTLER. N. C. Fine. Probably unique today.

When this coin was discovered some two years ago, Mr. Clarence Griffin, historian of Rutherford County was communicated with and here is what he wrote regarding this coin:

> "Honorable M. O. Dickerson, aged clerk of the County Court and former Rutherfordton bank official, was shown the impression of this coin. He stated that a great number of years ago he had a similar coin. A Mr. Wood, an aged recluse, resident of Northern Rutherford County, a friend of the Bechtler family, says that back about 1855, he had a coin such as this description. He recalls that sometime just before the War between the States, a Cashier offered him some U. S. gold coins on which, he says, the Bechtlers had "carved" something. He at first refused them, but eventually accepted them at a small discount."

I consider the coin not only an authentic issue of the Bechtlers, but of real historical importance. I do not recall of ever having seen or heard of another.

1038 **$2.50.** Bechtler, Carolina Gold. 67 G. 21 Carats, RUTHERF. Small thick planchet with raised borders. Variety with die break on obverse. Extremely fine and rare. Record about $75.00.

1040 Carolina Gold Dollar. Variety with 28 G. and the N in ONE reversed. Very fine, with mint luster, but slightly bent. Rare. High auction record.

1041 Carolina Gold Dollar. The rare variety with 30 G. Perfect N. Strictly fine. Rare. Record for this variety up to $30.00.

1042 Carolina Gold Dollar. A. Bechtler. 27 G. 21 C. Raised border on obverse. Nearly uncirculated, with some luster. Perfect, does not show any evidence of having been tested by bending. Quite rare so perfect.

RARITIES GALORE and ALL in REMARKABLY CHOICE CONDITION

REALLY CHOICE LARGE U. S. CENTS

The Pattern coins represent one of the most beautiful issues of our coinage. The number struck, as a whole, was very limited. There is a brisk demand for them now. Whether or not you collect them, you should at least know the market values of them. There isn't anything which gives you the satisfaction as of having a general knowledge of the values of all coins. You can acquire this knowledge so easily and so cheaply,—by simply investing just 50c in a Price List of this fine Sale.

VERY RARE EARLY UNITED STATES INDIAN PEACE and OTHER MEDALS

(No numismatic series depicts and represents the romantic and historical events of our country as do these great medals.)

1874 1757 Peace Medal issued by "The Friendly Association For Preserving Peace with the Indians." Fine portrait bust of George II. Reverse, man seated beneath the tree, offering pipe of Peace to an Indian: Legend, "Let Us Look to the Most High Who Blessed Our Fathers With Peace." Silver. Size 47. Extremely fine. Excessively rare. A bronze specimen brought $60.00 sixteen years ago.

The EXCEEDINGLY RARE "HAPPY WHILE UNITED" MEDAL

Probably Finest Known Specimen

1876 1764 Medal given to Indian Chief. Half-length bust, young type, of George III, but struck in high relief. Titles, etc. Reverse, an Indian Chief, on his left an officer, both seated on a bench; the officer wearing a cocked hat of the period, the Indian holds a long pipe in his left hand, with his right he grasps the hand of the officer. A large tree at Indian's right: Above, "HAPPY WHILE UNITED," below, the date, 1764. In field, directly above the officer's head is stamped N: YORK. Directly to right in another smaller horizontal oval punch mark, is counterstamped the initials of the artist or silversmith, DCF, Daniel Christian Fueter. The loop for suspension is formed of an eagle's wing and a pipe. Silver; size 55. Betts No. 511. Of greatest rarity. The second specimen that has ever passed through my hands. From all the illustrations I can find of this great medal, this is by far the best; even the stem of the pipe is intact. I do not know nor can find any record of a specimen so perfect. The Hunter specimen sold in 1920 was badly scratched on obverse and it brought $300.00. This specimen, therefore, should bring a correspondingly higher price. Bids of less than $250.00 will not be considered.

RARE UNITED STATES HALF-DOLLARS

Including a COMPLETE SET of Commemorative Half Dollars

2112 1794 First year of issue. Variety with star touching bust and curl. Strictly very good; can be classed as fine for coin. Far above the average in condition for this rare date.

2113 1795 Two leaves under wings; curl between first two stars on left. Very fine; sharp. A light, hardly noticeable scratch on neck. Unusually bold impression. Not a rare date, but just try and find it in choice condition. (Cost $15.00.)

2114 1795 The extremely rare variety with double-struck date and three leaves under wings on reverse. Strictly very good. Extremely rare and valuable. With record up to $75.00.

2115 **1796** Sixteen stars. Strictly very good, with the obverse with some claims to fine. A most acceptable specimen of this great rarity. Record for equal specimens up to $150.00.

2116 **1797 Very fine.** Well struck and perfectly centered, with complete milled borders. Although a rare date, but its rarity in choice condition is recognized by few collectors. The 1797 Half-Dollar in choice condition is far more rare than the 1796. Valued at $150.00 and certainly worth it.

2117 1805 over '04. Variety with triangular die break at lower left obverse. Strictly very good. Excessively rare. If this had been a large cent of equal rare die variety it would have brought over $100.00.

2123 1861 New Orleans Mint. Struck by the Confederacy. Extremely fine. Scarce.

2125 1861 Confederate re-strike on aluminum. Struck from the original dies. Uncirculated. I know of one specimen which sold at retail at $10.00. It is not worth that much, but it does bring from $4.00 to $5.00.

COMPLETE SET of U. S. COMMEMORATIVE HALF-DOLLARS

All are in Uncirculated Mint Condition. Just as Perfect as the Day They Were Minted.

2126 1892 The first U. S. commemorative Half-Dollar, Columbian Exposition, Chicago. Commemorating 400th anniversary of the discovery of America. No proofs were supposed to have been struck. If this is true, then this coin is the most brilliant uncirculated specimen I have ever seen. It has complete proof surface and is as much a proof as any proof silver Half-Dollar I have ever seen. The most beautiful of this usually common coin I have ever seen.

2127 1893 Columbian issue.

2128 1915 Panama-Pacific. Our second type commemorative. One of our rarities, being quoted up to $20.00 each.

2129 1918 Illinois Centennial or Lincoln. Fine portrait of Lincoln.

2130 1918 Lincoln, as last. 10 pcs.

2131 1920 Maine Centennial. Very scarce, and as all scarce commemoratives, steadily advancing in value. This and all other scarce and rare commemorative Half-Dollars have more than doubled in value in the past year.

2132 1920 Pilgrim. 300th anniversary of the landing of the Pilgrims.

2133 1921 Pilgrim. Same type as the 1920 but with the additional date of 1921 in field of obverse. Very scarce.

2134 1921 Missouri Centennial. Variety with 2*4. Very rare. This coin certainly skyrocketed in value in the past few months. And whether you know it or not, this variety is far more rare than the one without the 2*4. Now being quoted at $27.50.

2135 1921 Missouri. As last but without 2*4 . Rare and in great demand. Now retailing at $20.00 and no telling what it will retail for within the next twelve months.

2136 1921 Alabama. Variety with 2X2. Another commemorative which took wings and more than travelled in value in the last few months.

2137 1921 Alabama, without 2X2. Quite rare. Retailing at $10.00.

2138 1922 Grant, commemorating the 100th anniversary of his birth. Variety without star.

2139 1922 Grant. The extremely rare variety with star above the name GRANT. Collectors finally woke up to the real rarity of this coin. Less than a year ago this coin was selling at around $10.00 or $12.00. Since then a specimen sold for $55.00 at auction. And I notice that it is being quoted at private sale up to $60.00.

2140 1923 Monroe. Not a rare coin but difficult to get in mint condition.

2141 1924 Hugenot-Walloon. Another coin the supply of which has been well distributed and is steadily advancing in value where now it is selling up to $5.00 each.

2142 1925 Stone Mountain. An attractive and interesting coin but a rather common one. Would not dare prophesy when its plentiful supply will be exhausted.

2143 1925 Vancouver. Another attractive coin with value increasing steadily.

2144 1925 California Diamond Jubilee. Scarce and getting scarcer.

2145 1925 Norse American. Octagonal; thin planchet. While issued by authority of Congress, but not a legal tender coin. And just why it should be bringing $7.00 and more each, is beyond me.

2146 1925 Norse American. Octagonal, as last, but thick planchet.

2147 1926 Sesqui-Centennial. Portrait of Washington and Coolidge. One of the least attractive and poorly struck coins of the entire commemorative issue.

2148 1926 Oregon Trail, Philadelphia mint.

2149 1926 Oregon Trail, San Francisco Mint. The beginning of the commemorative mint mark debauche.

2150 1927 Bennington. A very attractive coin and stepping into the very scarce class.

2151 1928 Hawaiian or Capt. Cook. Only 10,000 coined, of which but 5,000 were sold in this country. The remaining 5,000 were distributed widely in the Hawaiian Islands. Recent quotation up to $13.50.

2152 1928 Oregon Trail. Limited issue and steadily advancing in value.

2153 1933 Oregon Trail. Probably due to the greatly increased number of collectors, this coin took a sudden jump in value, or rather price, and as much as $10.00 is being quoted for it.

2154 1934 Oregon Trail. I believe its issue was no greater than that of '33 and will undoubtedly follow the '33 in its rise in value.

2155 1934 Maryland. Not a large issue, about 25,000, but poorly handled and distributed, so it is still in the reasonably priced class.

2156 1934 Texas Centennial. They got a little early start in celebrating our Centennial here. But then what's a couple of years in the history of a State?

2157 1934 Kentucky or Daniel Boone. I believe only 10,000 coins were struck, but I know that they were very skillfully and widely distributed, so that $5.00 is the asking and getting price for it.

2158 1935 Connecticut. Another coin with able distributors in charge. Some 25,000 or more coined and already bringing $5.50 each.

2159 1935 Hudson. You talk about able (?) distribution. This one takes the prize. 10,000 coined and within a month or two after issue dealers were paying $5.00 each for them—(I know what I'm talking about, because I happen to be one of the dealers who paid that price for them in fair quantities). Now being quoted at $10.00 each.

2160 1935 Old Spanish Trail. Only 10,000 coined, and certainly most fairly distributed. But a good job done of it where it is now selling at $7.00 each.

2161 1935 San Diego Exposition. A goodly number of the issue has been sent for re-melting. Issue well distributed. I am inclined to think that this coin will graduate into the scarce class real soon.

2162 1935 Daniel Boone or Kentucky, Philadelphia Mint. Very scarce.

2163 1935 Daniel Boone or Kentucky. As last, but with small date 1934 above motto. Phila. Mint. Very scarce.

2164 1935 small '34, D and S Mint, Daniel Boone or Kentucky. Only 2,000 of each struck, and you talk about skillful "distribution"—these coins take the cake. A pair brought $125.00 at auction. I have myself paid $90.00 for a pair but since then have secured a few sets and have been retailing them at $77.50 for the pair. Please make your bids on these for the pair or lot and not by the piece, as the set or pair will not be sold separately.

2165 1935 Texas Centennial, Philadelphia Mint. I know something about this issue, therefore, do not hesitate to urge you to get these coins while you can.

2166 1935 Texas, Denver Mint. Same remarks applies as to preceding lot.

2167 1935 Texas, San Francisco Mint. Same remarks again.

2168 1935 Arkansas Centennial, Phila. Mint. Another State that started celebrating its Centennial a little previously. Limited coinage. Only 13,000.

2169 1935 Arkansas Centennial, Denver Mint. Only 5,500 coined. (See remarks next lot.)

2170 1935 Arkansas Centennial, San Francisco Mint. Only 5,500 coined. I was fortunate, or unfortunate to have practically entire control of this issue. I hardly think that anyone could accuse me of taking advantage of the collectors in the handling of this limited issue. Collectors had an opportunity to buy them of me as cheap as $2.50 each. I received literally hundreds of letters complimenting me on the manner in which I distributed these coins. They may still be had at a fair price. I notice some dealers are offering them for $3.75 each. My retail price is $4.00 each. I have only a very limited quantity left and when this quantity is reduced I am sure the price will reach the $10.00 mark per coin.

2171 1936 Texas Centennial. The real Centennial year. P. Mint. By the way, this is not out of place to invite you to visit Texas this year during our celebration of our Centennial. In Fort Worth we will celebrate the Texas Frontier Centennial. We have the greatest showman on earth in charge, Billy Rose of "Jumbo" fame. Nothing like it has ever been shown in the United States. Dallas will have a real Exposition, rivalling anything that has ever before been held in this country. So if you want education, come to Dallas; if you're looking for a good time at an Exposition, come to Fort Worth.

2172 1936 Texas Centennial, Denver Mint. Limited issue of 10,000.

2173 1936 Texas Centennial, San Francisco Mint.

2174 1936 Arkansas, Philadelphia Mint.

2175 1936 Arkansas, Denver Mint.

2176 1936 Arkansas, San Francisco Mint. I understand the issues of these are limited to the extent of the demand and so far only 10,000 coins of each issue have been minted.

2177 1936 Kentucky or Daniel Boone, Phila. Mint.

2178 1936 Kentucky or Daniel Boone, Denver Mint. Limited coinage. Only 10,000.

2179 1936 Kentucky or Daniel Boone, San Francisco Mint. Limited coinage as last.

2180 1936 Rhode Island, Philadelphia Mint. A very close competitor for "fame" in distribution and consideration (?) of the collectors of the country with the Hudson issue.

2181 1936 Rhode Island, Denver Mint.

2182 1936 Rhode Island, San Francisco Mint. Whatever may be said of the distribution or sale, one thing is certain, that although these coins were originally issued at $1.00 each, they are now being quoted up to $11.75 for the set of three.

2183 1936 Rhode Island. Complete set of three issues, Phila., Denver and San Francisco Mint. 3 pcs.

2184 1936 Oregon Trail. For Lawd's sake, hasn't that fellow ever reached the end of the trail? He's been trailing now for ten long years. I'm not well versed on the history of the Oregon Trail, but I'm sure the old boy, Ezra Meeker, made it in less than ten years. Just why they should celebrate that long and dry trek for these many years is beyond me. At any rate, coin collectors seem to like travel coins, because this coin was only issued in March and right now as much as $8.00 each is being asked for them by dealers.

When the above was dictated, the coin, the 1936 Oregon, was the last commemorative issue. But by the time you get this catalog, no tellin' what may have hatched out during the intermission.

And In Conclusion, I Offer

Do You Know?

—that there are some varieties of certain U. S. Half Dollars and Dollars of the common dates that are worth from $5.00 to $50.00 each—depending on their certain die varieties?

Mr. Hazeltine, way back in 1881, issued a catalog of the different varieties of these coins. This catalog is now so rare that as much as $30.00 has been paid for a single copy.

I reprinted this rare book some few years ago; added many new varieties, and also added a list of the King of American Coins, the 1804 Silver Dollar, giving the record prices and by whom bought and by whom owned.

I have just a few, less than twenty, copies of these $30.00 books left. They are better than the original; printed on finer paper, many more varieties listed. *I offer the few I have at only $2.50 each, postpaid.*

FIRST COME, FIRST SERVED.

If you have any U. S. Silver Half Dollars or Dollars, this is certainly a most valuable book for you to own.

EVERY COLLECTOR SHOULD HAVE—

It's
Simple to understand
Complete in every detail
An authoritative compilation
Full of interesting notes on the rarities

Reasonably priced so as to be available to every collector

Now it will be easy for you to check up your collection of Fractional Currency and see what you have and what you still need to complete your collection.

In this new checking list of Fractional Currency a new and systematic method of numbering each specimen is used. The minor differences between the varieties and subvarieties are shown in a clear and simple manner. The extent of the types and varieties of each Issue may be seen at a glance. It is complete, easily understood, and any specimen can be classified in a moment by the new system of cataloguing used.

Beautifully printed on pale green, antique paper. Price only 50 cents, POSTPAID.

From the Will of

Edmond de Goncourt

(Translated)

My wish is that my Drawings, my Prints, my Curiosities, my Books—in a word, these things of art which have been the joy of my life—shall not be consigned to the cold tomb of a museum, and subjected to the stupid glance of the careless passer-by; but I require that they shall all be dispersed under the hammer of the Auctioneer, so that the pleasure which the acquiring of each one of them has given me shall be given again, in each case, to some inheritor of my own tastes.

"When and If"—your collection is for sale, you owe it to yourself to let me tell you and SHOW YOU how and why I can serve you to your entire satisfaction and profit.

Please remember that I have been in the numismatic profession,—in the same place, for more than thirty-six years. My numismatic establishment is recognized as the largest of its kind. I enjoy a financial rating and a financial responsibility to guarantee you against loss of ANY KIND!

THAT'S surely worth *your* careful thought before you ever part with any portion of your collection.

I advance liberal amounts of cash without interest on all valuable collections and consignments. Or I will purchase your entire collection for immediate spot cash payment, regardless of its extent. Due to my extensive advertising,—spending over $100,000.00 every year for the past ten years or more,—gives me the largest outlet for all classes of coins than that of any other market, therefore, I can afford, *and do pay* as much and more than your coins will net you at any other market.

I invite your inquiries and will be happy to arrange for a personal interview wherever the transaction warrants.

Cordially,

MEHL BUILDING FORT WORTH, TEXAS
